

**MARCH**  
**Clinical Posting Schedule**  
**3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

**01 Weeks**

Day/ Date	Medicine	Surgery	Obst & Gynae	Community Medicine	ENT	Ophthalmology
	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)
	Batch - A	Batch - B	Batch - C	Batch - D	Batch - E	Batch - F
<b>01/03/2021</b> <b>Monday</b>	<b>Clinical Posting (Medicine)</b> <b>IM 1.10</b> (Elicit document and present an appropriate history that will establish the diagnosis, cause and severity of heart failure including: presenting complaints, precipitating and exacerbating factors, risk factors exercise tolerance, changes in sleep patterns, features suggestive of infective endocarditis)	<b>SU1.3</b> Describe basic concepts of perioperative care. <b>SU 10.1</b> Describe the principles of perioperative management of common surgical procedures	<b>OG 6.1</b> Describe, discuss and demonstrate the clinical features of pregnancy, derive and discuss its differential diagnosis, elaborate the principles underlying and interpret pregnancy tests.	<b>CM5.1-</b> Describe the common sources of various nutrients and special nutritional requirements according to age, sex, activity, physiological conditions <b>CM5.2-</b> Describe and demonstrate the correct method of performing a nutritional assessment of individuals, families and the community by using the appropriate method	<b>EN 4.1</b> Otaglia	<b>OP1.3</b> Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision , the pin hole test and the menace and blink reflexes
<b>02/03/2021</b> <b>Tuesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.11</b> (Perform and demonstrate a systematic examination based on the history that will help establish the diagnosis and estimate its severity including: measurement of pulse, blood pressure and respiratory rate, jugular venous forms and pulses, peripheral pulses, conjunctiva and fundus, lung, cardiac examination including palpation and auscultation with identification of heart sounds and murmurs, abdominal distension and splenic palpation)	<b>SU2.3</b> Communicate and counsel patients and families about the treatment and prognosis of shock demonstrating empathy and care	<b>OG 19.1 &amp; 19.2</b> 1. Describe and discuss the physiology of purperium, it's complications, diagnosis and management , counselling for contraception, puerperial sterilization. 2. Councill in simulated environment Contraception and puerperial Sterilization.	<b>CM5.3-</b> Define and describe common nutrition related health disorders (including macro-PEM, Micro-iron, Zn, iodine, Vit. A), their control and management <b>CM5.4-</b> Plan and recommend a suitable diet for the individuals and families based on local availability of foods and economic status, etc in a simulated environment	<b>EN 4.2</b> External ear	<b>OP1.3</b> Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision , the pin hole test and the menace and blink reflexes
<b>03/03/2021</b> <b>Wednesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.12</b> (Demonstrate peripheral pulse, volume, character, quality and variation in various causes of heart failure)	<b>SU3.2</b> Observe blood transfusions.	<b>OG-9.1 &amp; 9.2</b> 1.Classify, define and discusses the aetiology and management of abortions including threatened, incomplete, inevitable, missed and septic. 2. Describe the steps and observe/ assist in the	<b>CM5.5-</b> Describe the methods of nutritional surveillance, principles of nutritional education and rehabilitation in the context of socio- cultural factors. <b>CM5.6-</b> Enumerate and discuss the National Nutrition Policy, important	<b>EN 4.3</b> ASOM	<b>OP1.2</b> Define, classify and describe the types and methods of correcting refractive errors

			performance of an MTP evacuation	national nutritional Programs including the Integrated Child Development Services Scheme (ICDS) etc		
<b>04/03/2021 Thursday</b>	<b>Clinical Posting (Medicine) IM1.13</b> (Measure the blood pressure accurately, recognize and discuss alterations in blood pressure in valvular heart disease and other causes of heart failure and cardiac tamponade)	<b>SU3.3</b> Counsel patients and family/ friends for blood transfusion and blood donation.	<b>OG-15.1</b> Enumerate and describe the indications and steps of common obstetric procedures, technique and complications: Episiotomy, vacuum extraction; low forceps; Caesarean section, assisted breech delivery; external cephalic version; cervical cerclage	<b>CM5.7-</b> Describe food hygiene <b>CM5.8-</b> Describe and discuss the importance and methods of food fortification and effects of additives and adulteration	<b>EN 4.4</b> Tympanic membrane	<b>OP1.2</b> Define, classify and describe the types and methods of correcting refractive errors
<b>05/03/2021 Friday</b>	<b>Clinical Posting (Medicine) IM1.14</b> (Demonstrate and measure jugular venous distension)	<b>SU5.2</b> Elicit, document and present a history in a patient presenting with wounds.	<b>OG-29.1</b> Describe and discuss the etiology; pathology; clinical features; differential diagnosis; investigations; principles of management, Complications of fibroid uterus.	<b>Self-Dietary Presentation</b>	<b>EN 4.5</b> OME	<b>OP 9.1</b> Demonstrate correct technique to examine extraocular movements (uniocular & binocular)

## Clinical Posting Schedule

### 3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch

Day/ Date	Medicine	Surgery	Obst & Gynae	Community Medicine	ENT	Ophthalmology
	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)
	Batch - A	Batch - B	Batch - C	Batch - D	Batch - E	Batch - F
<b>08/03/2021</b> <b>Monday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.15</b> (Identify and describe the timing, pitch quality conduction and significance of precordial murmurs and their variations)	<b>SU5.3</b> Differentiate the various types of wounds, plan and observe management of wounds.	<b>OG 8.2</b> <b>1.</b> Elicit document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past medical history and surgical history. <b>8.3</b> <b>2.</b> Describe, demonstrate, document and perform an obstetrical examination including a general and abdominal examination and clinical monitoring of maternal and fetal well-being;	<b>Self-Dietary</b> <b>Presentation</b>	<b>EN 4.1</b> Otagia	<b>OP2.1</b> Enumerate the causes, describe and discuss the etiology, clinical presentation and diagnostic features of common conditions of the lid and adnexa including hordeolum externum / internum, blepharitis, preseptal cellulitis, dacrocystitis, hemangioma, dermoid, ptosis, entropion, lid lag, lagophthalmos,
<b>09/03/2021</b> <b>Tuesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.16</b> (Generate a differential diagnosis based on the clinical presentation and prioritize it based on the most likely diagnosis)	<b>SU7.2</b> Describe the principles and steps of clinical research in General Surgery	<b>OG-21.1</b> <b>1.</b> Describe and discuss the temporary and permanent methods of contraception, indications, technique and complications; selection of patients, side effects and failure rate including Ocs, male contraception, emergency contraception and IUCD.	<b>CM3.1-</b> Describe the health hazards of air, water, noise, radiation and pollution	<b>EN 4.2</b> External ear	<b>OP2.1</b> Enumerate the causes, describe and discuss the etiology, clinical presentation and diagnostic features of common conditions of the lid and adnexa including hordeolum externum / internum, blepharitis, preseptal cellulitis, dacrocystitis, hemangioma, dermoid, ptosis, entropion, lid lag, lagophthalmos,

<p><b>10/03/2021</b> <b>Wednesday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.17</b> (Order and interpret diagnostic testing based on the clinical diagnosis including 12 lead ECG, Chest radiograph, blood cultures)</p>	<p><b>SU8.2</b> Demonstrate Professionalism and empathy to the patient undergoing General Surgery</p>	<p><b>OG-9.3</b> Discuss the aetiology, clinical features, differential diagnosis of acute abdomen in early pregnancy (with a focus on ectopic pregnancy) and enumerate the principles of medical and surgical management.</p>	<p><b>CM3.2-</b> Describe concepts of safe and wholesome water, sanitary sources of water, water purification processes, water quality standards, concepts of water conservation and rainwater harvesting</p>	<p><b>EN 4.3</b> ASOM</p>	<p><b>OP2.2</b> Demonstrate the symptoms and clinical signs of conditions enumerated in</p>
<p><b>11/03/2021</b> <b>Thursday</b></p>	<p><b>HOLIDAY</b></p>					
<p><b>12/03/2021</b> <b>Friday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.18</b> (Perform and interpret a 12 lead ECG)</p>	<p><b>SU8.3</b> Discuss Medico-legal issues in surgical practice</p>	<p><b>OG-14.1</b> Enumerate and discuss the diameters of maternal pelvis and types.</p>	<p><b>CM3.3-</b> Describe the aetiology and basis of water borne diseases/ jaundice/ hepatitis/ diarrheal diseases <b>CM3.4-</b> Describe the concept of solid waste, human excreta and sewage disposal</p>	<p><b>EN 4.4</b> Tympanic membrane</p>	<p><b>OP2.2</b> Demonstrate the symptoms and clinical signs of conditions enumerated in</p>

**Clinical Posting Schedule**  
**3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

Day/ Date	Medicine	Surgery	Obst & Gynae	Community Medicine	ENT	Ophthalmology
	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)
	Batch - A	Batch - B	Batch - C	Batch - D	Batch - E	Batch - F
15/03/2021 Monday	<b>Clinical Posting (Medicine)</b> <b>IM1.21</b> (Describe and discuss and identify the clinical features of acute and subacute endocarditis, echocardiographic findings, blood culture and sensitivity and therapy)	<b>SU10.3</b> Observe common surgical procedures and assist in minor surgical procedures; Observe emergency lifesaving surgical procedures.	<b>OG-31.1</b> "Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of management and preventive aspects of prolapse of uterus"	<b>CM3.5-</b> Describe the standards of housing and the effect of housing on health	<b>EN 4.5</b> OME	<b>OP2.3</b> Demonstrate under supervision clinical procedures performed in the lid including : bells phenomenon, assessment of entropion/ectropion, perform the regurgitation test of lacrimal sac, massage technique in congenital dacryocystitis, and trichiasis cilia removal by epilation
16/03/2021 Tuesday	<b>Clinical Posting (Medicine)</b> <b>IM1.26</b> (Develop document and present a management plan for patients with heart failure based on type of failure, underlying a etiology)	<b>SU10.4</b> Perform basic surgical Skills such as First aid including suturing and minor surgical procedures in simulated environment	<b>OG 8.4</b> Describe and demonstrate clinical monitoring of maternal and fetal well-being.	<b>CM10.5-</b> Describe Universal Immunization Program; Integrated Management of Neonatal and Childhood Illness (IMNCI) and other existing Programs.	<b>EN 4.1</b> Otagia	<b>OP2.3</b> Demonstrate under supervision clinical procedures performed in the lid including: bells phenomenon, assessment of entropion/ectropion, perform the regurgitation test of lacrimal sac, massage

						technique in congenital dacryocystitis, and trichiatic cilia removal by epilation
17/03/2021 Wednesday	<b>Clinical Posting (Medicine)</b> <b>IM1.27</b> (Describe and discuss the role of penicillin prophylaxis in the prevention of rheumatic heart disease)	<b>SU11.3</b> Demonstrate maintenance of an airway in a mannequin or equivalent	<b>OG-12.1</b> Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of hypertensive disorders of pregnancy and eclampsia, complications of eclampsia.	<b>CM10.6-</b> Enumerate and describe various family planning methods, their advantages and shortcomings	<b>EN 4.2</b> External ear	<b>OP4.1</b> Enumerate, describe and discuss the type and causes of corneal ulceration
						<b>OP4.2</b> Enumerate and Discuss the differential diagnosis of infective keratitis.
18/03/2021 Thursday	<b>Clinical Posting (Medicine)</b> <b>IM1.28</b> (Enumerate the causes of adult presentations of congenital heart disease and describe the distinguishing features between cyanotic and cyanotic heart disease)	<b>SU12.2</b> Describe and discuss the methods of estimation and replacement of the fluid and electrolyte requirements in the surgical patient	<b>OG -10.1</b> Classification of Diseases (ICD)	<b>CM10.6-</b> Enumerate and describe various family planning methods, their advantages and shortcomings	<b>EN 4.3</b> ASOM	<b>OP4.8</b> Demonstrate techniques of removal of foreign body in the cornea in a simulated environment
						<b>OP6.1</b> Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non-granulomatous inflammation. Identity acute iridocyclitis from chronic condition
19/03/2021 Friday	<b>Clinical Posting (Medicine)</b> <b>IM1.29</b> (Elicit document and present an appropriate history, demonstrate correctly general examination, relevant clinical findings and formulate document and present a management plan for an adult	<b>SU12.3</b> Discuss the nutritional requirements of surgical patients, the methods of providing nutritional support and their complications	<b>OG-14.2</b> Discuss the mechanism of normal labor, Define and describe obstructed labor, its clinical features; prevention; and management	<b>CM7.1-</b> Define Epidemiology and describe and enumerate the principles, concepts and uses	<b>EN 4.4</b> Tympanic membrane	<b>OP6.5</b> Describe and discuss the angle of the anterior chamber and its clinical correlates

	patient presenting with a common form of congenital heart disease)						
--	--	--	--	--	--	--	--

**Clinical Posting Schedule**  
**3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

<b>Day/Date</b>	<b>Medicine</b>	<b>Surgery</b>	<b>Obst &amp; Gynae</b>	<b>Community Medicine</b>	<b>ENT</b>	<b>Ophthalmology</b>
	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>
	<b>Batch - A</b>	<b>Batch - B</b>	<b>Batch - C</b>	<b>Batch - D</b>	<b>Batch - E</b>	<b>Batch - F</b>
<b>22/03/2021</b> <b>Monday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.30</b> (Administer an intramuscular injection with an appropriate explanation to the patient)	<b>SU14.2</b> Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general.	<b>OG-33.1</b> 1. Classify, describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations and Staging of cervical cancer. <b>OG 33.2</b> 2. Describe the principles of management including surgery and radiotherapy of Benign, Pre-malignant (CIN) and Malignant Lesions of the Cervix. <b>OG 33.3</b> 3. Describe and demonstrate the screening for cervical cancer in a simulated environment . <b>OG 33.4</b> 4. visual inspection with acetic acid (VIA), visual inspection of cervix with Lugol's iodine (VILI), pap smear and colposcopy.	<b>CM7.1-</b> Define Epidemiology and describe and enumerate the principles, concepts and uses	<b>EN 4.5</b> OME	<b>OP6.7</b> Enumerate and discuss the etiology, the clinical distinguishing features of various glaucoma associated with shallow and deep anterior chamber. Choose appropriate investigations and treatment for patients with above conditions.
<b>23/03/2021</b> <b>Tuesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM 2.6</b> (Elicit document and present an appropriate history that includes onset evolution, presentation risk factors, family history, comorbid conditions, complications, medication, history of atherosclerosis, IHD and coronary syndromes)	<b>SU14.3</b> Describe the materials and methods used for surgical wound closure and anastomosis (sutures, knots and needles)	<b>OG 8.1</b> 1.Enumerate, describe and discuss the objectives of antenatal care, assessment of period of gestation; screening for high-risk factors. <b>OG 4.1</b> 2. Describe and discuss the basic embryology of fetus, factors influencing fetal growth and development, anatomy and physiology of placenta, and teratogenesis	<b>CM6.2-</b> Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data	<b>EN 4.1</b> Otagia	<b>OP6.7</b> Enumerate and discuss the aetiology, the clinical distinguishing features of various glaucoma associated with shallow and deep anterior chamber. Choose appropriate

						investigations and treatment for patients with above conditions.
<b>24/03/2021</b> <b>Wednesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM2.7</b> (Perform, demonstrate and document a physical examination including a vascular and cardiac examination that is appropriate for the clinical presentation)	<b>SU14.4</b> Demonstrate the techniques of asepsis and suturing in a simulated environment	<b>OG-12.2</b> Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of anemia in pregnancy.	<b>CM6.3-</b> Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs	<b>EN 4.2</b> External ear	<b>OP7.3</b> Demonstrate correct technique of ocular examination in a patient with a cataract
<b>25/03/2021</b> <b>Thursday</b>	<b>Clinical Posting (Medicine)</b> <b>IM2.8</b> (Generate document and present a differential diagnosis based on the clinical presentation and prioritize based on “cannot miss”, most likely diagnosis and severity)	<b>SU15.1</b> Describe classification of hospital waste and appropriate methods of disposal.	<b>OG-10.1</b> Classification of Diseases (ICD).	<b>CM6.4-</b> Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion	<b>EN 4.3</b> ASOM	<b>OP7.6</b> Administer informed consent and counsel patients for cataract surgery in simulated environment
<b>26/03/2021</b> <b>Friday</b>	<b>Clinical Posting (Medicine)</b> <b>IM2.9</b> (Distinguish and differentiate between stable and unstable angina and AMI based on the clinical presentation)	<b>SU16.1</b> Minimally invasive General Surgery: Describe indications advantages and disadvantages of Minimally invasive General Surgery	<b>OG-14.4</b> Describe and discuss the classification; diagnosis; management of abnormal labor.	<b>Test-Spotting &amp; Exercise</b>	<b>EN 4.4</b> Tympanic membrane	<b>OP7.4</b> Enumerate types of cataract surgery and describe steps, intra-operative and post-operative complications of extracapsular cataract extraction surgery

APRIL

01 Weeks

**Clinical Posting Schedule**  
**3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

<b>Day/ Date</b>	<b>Medicine</b>	<b>Surgery</b>	<b>Obst &amp; Gynae</b>	<b>Community Medicine</b>	<b>ENT</b>	<b>Ophthalmology</b>
	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>
	<b>Batch - B</b>	<b>Batch - C</b>	<b>Batch - D</b>	<b>Batch - E</b>	<b>Batch - F</b>	<b>Batch - A</b>
<b>29/03/2021</b>	<b>HOLIDAY</b>					
<b>30/03/2021 Tuesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM2.10</b> (Order, perform and interpret an ECG)	<b>SU1.3</b> Describe basic concepts of perioperative care. <b>SU 10.1</b> Describe the principles of perioperative management of common surgical procedures	<b>OG-34.4</b> Operative Gynaecology : Understand and describe the technique and complications: Dilatation & Curettage (D&C); EA-ECC; cervical biopsy; abdominal hysterectomy; myomectomy; surgery for ovarian tumours; staging laparotomy; vaginal hysterectomy including pelvic floor repair; Fothergill's operation, Laparoscopy; hysteroscopy; management of postoperative complications.	<b>Viva</b>	<b>EN 4.5</b> OME	<b>OP7.5</b> To participate in the team of cataract surgery
<b>31/03/2021 Wednesday</b>	<b>Clinical Posting (Medicine)</b> <b>IM 1.10</b> (Elicit document and present an appropriate history that will establish the diagnosis, cause and severity of heart failure including: presenting complaints, precipitating and exacerbating factors, risk factors exercise tolerance, changes in sleep patterns, features suggestive of infective endocarditis)	<b>SU2.3</b> Communicate and counsel patients and families about the treatment and prognosis of shock demonstrating empathy and care	<b>OG 6.1</b> Describe, discuss and demonstrate the clinical features of pregnancy, derive and discuss its differential diagnosis, elaborate the principles underlying and interpret pregnancy tests.	<b>CM5.1-</b> Describe the common sources of various nutrients and special nutritional requirements according to age, sex, activity, physiological conditions <b>CM5.2-</b> Describe and demonstrate the correct method of performing a nutritional assessment of individuals, families and the community by using the appropriate	<b>EN 4.1</b> Otagia	<b>OP1.3</b> Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision , the pin hole test and the menace and blink reflexes

				method		
<b>01/04/2021 Thursday</b>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.11</b> (Perform and demonstrate a systematic examination based on the history that will help establish the diagnosis and estimate its severity including: measurement of pulse, blood pressure and respiratory rate, jugular venous forms and pulses, peripheral pulses, conjunctiva and fundus, lung, cardiac examination including palpation and auscultation with identification of heart sounds and murmurs, abdominal distension and splenic palpation)</p>	SU3.2 Observe blood transfusions.	<p><b>OG 19.1 &amp; 19.2</b> 1. Describe and discuss the physiology of purperium, it's complications, diagnosis and management , counseling for contraception, puerperal Sterilization. 2. Council in simulated environment Contraception and puerperial Sterilization.</p>	<p><b>CM5.3-</b> Define and describe common nutrition related health disorders (including macro-PEM, Micro-iron, Zn, iodine, Vit. A), their control and management <b>CM5.4-</b>Plan and recommend a suitable diet for the individuals and families based on local availability of foods and economic status, etc in a simulated environment</p>	<b>EN 4.2</b> External ear	<b>OP1.3</b> Demonstrate the steps in performing the visual acuity assessment for distance vision, near vision, colour vision , the pin hole test and the menace and blink reflexes
<b>02/04/2021 Friday</b>	<b>HOLIDAY</b>					

**APIRL**

**02 Weeks**

**Clinical Posting Schedule  
3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

<b>Day/ Date</b>	<b>Medicine</b>	<b>Surgery</b>	<b>Obst &amp; Gynae</b>	<b>Community Medicine</b>	<b>ENT</b>	<b>Ophthalmology</b>
	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>
	<b>Batch - B</b>	<b>Batch - C</b>	<b>Batch - D</b>	<b>Batch - E</b>	<b>Batch - F</b>	<b>Batch - A</b>
<b>05/04/2021 Monday</b>	<b>Clinical Posting (Medicine) IM1.12</b> (Demonstrate peripheral pulse, volume, character, quality and variation in various causes of heart failure)	<b>SU3.3</b> Counsel patients and family/ friends for blood transfusion and blood donation.	<b>OG-9.1 &amp; 9.2</b> 1.Classify, define and discuss the aetiology and management of abortions including threatened, incomplete, inevitable, missed and septic. 2. Describe the steps and observe/ assist in the performance of an MTP evacuation	<b>CM5.5-</b> Describe the methods of nutritional surveillance, principles of nutritional education and rehabilitation in the context of socio- cultural factors. <b>CM5.6-</b> Enumerate and discuss the National Nutrition Policy, important national nutritional Programs including the Integrated Child Development Services Scheme (ICDS) etc	<b>EN 4.3 ASOM</b>	<b>OP1.2</b> Define, classify and describe the types and methods of correcting refractive errors
<b>06/04/2021 Tuesday</b>	<b>Clinical Posting (Medicine) IM1.13</b> (Measure the blood pressure accurately, recognize and discuss alterations in blood pressure in valvular heart disease and other causes of heart failure and cardiac tamponade)	<b>SU5.2</b> Elicit, document and present a history in a patient presenting with wounds.	<b>OG-15.1</b> Enumerate and describe the indications and steps of common obstetric procedures, technique and complications: Episiotomy, vacuum extraction; low forceps; Caesarean section, assisted breech delivery; external cephalic version; cervical cerclage	<b>CM5.7-</b> Describe food hygiene <b>CM5.8-</b> Describe and discuss the importance and methods of food fortification and effects of additives and adulteration	<b>EN 4.4</b> Tympanic membrane	<b>OP1.2</b> Define, classify and describe the types and methods of correcting refractive errors
<b>07/04/2021 Wednesday</b>	<b>Clinical Posting (Medicine) IM1.14</b> (Demonstrate and measure jugular venous distension)	<b>SU5.3</b> Differentiate the various types of wounds, plan and observe management of wounds.	<b>OG-29.1</b> Describe and discuss the etiology; pathology; clinical features; differential diagnosis;	<b>Self-Dietary Presentation</b>	<b>EN 4.5 OME</b>	<b>OP 9.1</b> Demonstrate correct technique to examine extraocular movements

			investigations; principles of management, Complications of fibroid uterus.			(uniocular & binocular)
<b>08/04/2021 Thursday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.15</b> (Identify and describe the timing, pitch quality conduction and significance of precordial murmurs and their variations)	<b>SU7.2</b> Describe the principles and steps of clinical research in General Surgery	<b>OG 8.2</b> <b>1.</b> Elicit document and present an obstetric history including menstrual history, last menstrual period, previous obstetric history, comorbid conditions, past medical history and surgical history. <b>8.3</b> <b>2.</b> Describe, demonstrate, document and perform an obstetrical examination including a general and abdominal examination and clinical monitoring of maternal and fetal well-being;	<b>Self-Dietary Presentation</b>	<b>EN 4.1</b> Otagia	<b>OP2.1</b> Enumerate the causes, describe and discuss the etiology, clinical presentation and diagnostic features of common conditions of the lid and adnexa including hordeolum externum / internum, blepharitis, preseptal cellulitis, dacrocystitis, hemangioma, dermoid, ptosis, entropion, lid lag, lagophthalmos,
<b>09/04/2021 Friday</b>	<b>Clinical Posting (Medicine)</b> <b>IM1.16</b> (Generate a differential diagnosis based on the clinical presentation and prioritize it based on the most likely diagnosis)	<b>SU8.2</b> Demonstrate Professionalism and empathy to the patient undergoing General Surgery	<b>OG-21.1</b> 1. Describe and discuss the temporary and permanent methods of contraception, indications, technique and complications; selection of patients, side effects and failure rate including Ocs, male contraception, emergency contraception and IUCD.	<b>CM3.1</b> -Describe the health hazards of air, water, noise, radiation and pollution	<b>EN 4.2</b> External ear	<b>OP2.1</b> Enumerate the causes, describe and discuss the etiology, clinical presentation and diagnostic features of common conditions of the lid and adnexa including hordeolum externum / internum, blepharitis, preseptal cellulitis, dacrocystitis, hemangioma, dermoid, ptosis, entropion, lid lag, lagophthalmos,

03 Weeks

**Clinical Posting Schedule  
3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

<b>Day/ Date</b>	<b>Medicine</b>	<b>Surgery</b>	<b>Obst &amp; Gynae</b>	<b>Community Medicine</b>	<b>ENT</b>	<b>Ophthalmology</b>
	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>	<b>(4 Weeks)</b>
	<b>Batch - B</b>	<b>Batch - C</b>	<b>Batch - D</b>	<b>Batch - E</b>	<b>Batch - F</b>	<b>Batch - A</b>
<b>12/04/2021 Monday</b>	<b>Clinical Posting (Medicine) IM1.17</b> (Order and interpret diagnostic testing based on the clinical diagnosis including 12 lead ECG, Chest radiograph, blood cultures)	<b>SU8.3</b> Discuss Medico-legal issues in surgical practice	<b>OG-9.3</b> Discuss the aetiology, clinical features, differential diagnosis of acute abdomen in early pregnancy (with a focus on ectopic pregnancy) and enumerate the principles of medical and surgical management.	<b>CM3.2-</b> Describe concepts of safe and wholesome water, sanitary sources of water, water purification processes, water quality standards, concepts of water conservation and rainwater harvesting	<b>EN 4.3</b> ASOM	<b>OP2.2</b> Demonstrate the symptoms and clinical signs of conditions enumerated in
<b>13/04/2021 Tuesday</b>	<b>Clinical Posting (Medicine) IM1.18</b> (Perform and interpret a 12 lead ECG)	<b>SU10.2</b> Describe the steps and obtain informed consent in a simulated environment	<b>OG-14.1</b> Enumerate and discuss the diameters of maternal pelvis and types.	<b>CM3.3-</b> Describe the aetiology and basis of water borne diseases/ jaundice/ hepatitis/ diarrheal diseases <b>CM3.4-</b> Describe the concept of solid waste, human excreta and sewage disposal	<b>EN 4.4</b> Tympanic membrane	<b>OP2.2</b> Demonstrate the symptoms and clinical signs of conditions enumerated in
<b>14/04/2021 Wednesday</b>	<b>Clinical Posting (Medicine) IM1.21</b> (Describe and discuss and identify the clinical features of acute and subacute endocarditis, echocardiographic findings, blood culture and sensitivity and therapy)	<b>SU10.3</b> Observe common surgical procedures and assist in minor surgical procedures; Observe emergency lifesaving surgical procedures.	<b>OG-31.1</b> "Describe and discuss the etiology, classification, clinical features, diagnosis, investigations, principles of management and preventive aspects of prolapse of uterus"	<b>CM3.5-</b> Describe the standards of housing and the effect of housing on health	<b>EN 4.5</b> OME	<b>OP2.3</b> Demonstrate under supervision clinical procedures performed in the lid including :

						<p>bells phenomenon, assessment of entropion/ectropion, perform the regurgitation test of lacrimal sac, massage technique in congenital dacryocystitis, and trichiatic cilia removal by epilation</p>
<p><b>15/04/2021</b> <b>Thursday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.26</b> (Develop document and present a management plan for patients with heart failure based on type of failure, underlying a etiology)</p>	<p><b>SU10.4</b> Perform basic surgical Skills such as First aid including suturing and minor surgical procedures in simulated environment</p>	<p><b>OG 8.4</b> Describe and demonstrate clinical monitoring of maternal and fetal well-being.</p>	<p><b>CM10.5-</b> Describe Universal Immunization Program; Integrated Management of Neonatal and Childhood Illness (IMNCI) and other existing Programs.</p>	<p><b>EN 4.1</b> Otalgia</p>	<p><b>OP2.3</b> Demonstrate under supervision clinical procedures performed in the lid including: bells phenomenon, assessment of entropion/ectropion, perform the regurgitation test of lacrimal sac, massage technique in congenital dacryocystitis, and trichiatic cilia removal by epilation</p>
<p><b>16/04/2021</b> <b>Friday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.27</b> (Describe and discuss the role of penicillin prophylaxis in the prevention of rheumatic heart disease)</p>	<p><b>SU11.3</b> Demonstrate maintenance of an airway in a mannequin or equivalent</p>	<p><b>OG-12.1</b> Define, classify and describe the etiology and pathophysiology, early detection, investigations; principles of management of hypertensive disorders of pregnancy and eclampsia,</p>	<p><b>CM10.6-</b> Enumerate and describe various family planning methods, their advantages and shortcomings</p>	<p><b>EN 4.2</b> External ear</p>	<p><b>OP4.1</b> Enumerate, describe and discuss the type and causes of corneal ulceration</p>

			complications of eclampsia.			<b>OP4.2</b> Enumerate and Discuss the differential diagnosis of infective keratitis.

**04 Weeks**

**Clinical Posting Schedule  
3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

Day/Date	Medicine	Surgery	Obst & Gynae	Community Medicine	ENT	Ophthalmology
	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)	(4 Weeks)
	Batch - B	Batch - C	Batch - D	Batch - E	Batch - F	Batch - A
<b>19/04/2021 Monday</b>	<b>Clinical Posting (Medicine) IM1.28</b> (Enumerate the causes of adult presentations of congenital heart disease and describe the distinguishing features between cyanotic and cyanotic heart disease)	<b>SU12.2</b> Describe and discuss the methods of estimation and replacement of the fluid and electrolyte requirements in the surgical patient	<b>OG -10.1</b> Classification of Diseases (ICD)	<b>CM10.6-</b> Enumerate and describe various family planning methods, their advantages and shortcomings	<b>EN 4.3</b> ASOM	<b>OP4.8</b> Demonstrate techniques of removal of foreign body in the cornea in a simulated environment <b>OP6.1</b> Describe clinical signs of intraocular inflammation and enumerate the features that distinguish granulomatous from non-granulomatous inflammation. Identity acute iridocyclitis from chronic condition

<p><b>20/04/2021</b> <b>Tuesday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.29</b> (Elicit document and present an appropriate history, demonstrate correctly general examination, relevant clinical findings and formulate document and present a management plan for an adult patient presenting with a common form of congenital heart disease)</p>	<p><b>SU12.3</b> Discuss the nutritional requirements of surgical patients, the methods of providing nutritional support and their complications</p>	<p><b>OG-14.2</b> Discuss the mechanism of normal labor, Define and describe obstructed labor, its clinical features; prevention; and management</p>	<p><b>CM7.1-</b> Define Epidemiology and describe and enumerate the principles, concepts and uses</p>	<p><b>EN 4.4</b> Tympanic membrane</p>	<p><b>OP6.5</b> Describe and discuss the angle of the anterior chamber and its clinical correlates</p>
<p><b>21/04/2021</b> <b>Wednesday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM1.30</b> (Administer an intramuscular injection with an appropriate explanation to the patient)</p>	<p><b>SU14.2</b> Describe Surgical approaches, incisions and the use of appropriate instruments in Surgery in general.</p>	<p><b>OG-33.1</b> 1. Classify, describe and discuss the etiology, pathology, clinical features, differential diagnosis, investigations and Staging of cervical cancer. <b>OG 33.2</b> 2. Describe the principles of management including surgery and radiotherapy of Benign, Pre-malignant (CIN) and Malignant Lesions of the Cervix. <b>OG 33.3</b> 3. Describe and demonstrate the screening for cervical cancer in a simulated environment . <b>OG 33.4</b> 4. visual inspection with acetic acid (VIA), visual inspection of cervix with Lugol's iodine (VILI), pap smear and colposcopy.</p>	<p><b>CM7.1-</b> Define Epidemiology and describe and enumerate the principles, concepts and uses</p>	<p><b>EN 4.5</b> OME</p>	<p><b>OP6.7</b> Enumerate and discuss the etiology, the clinical distinguishing features of various glaucoma associated with shallow and deep anterior chamber. Choose appropriate investigations and treatment for patients with above conditions.</p>
<p><b>22/04/2021</b> <b>Thursday</b></p>	<p><b>Clinical Posting (Medicine)</b> <b>IM 2.6</b> (Elicit document and present an appropriate history that includes onset evolution, presentation risk factors, family history, comorbid conditions, complications, medication, history of atherosclerosis, IHD and coronary syndromes)</p>	<p><b>SU14.3</b> Describe the materials and methods used for surgical wound closure and anastomosis (sutures, knots and needles)</p>	<p><b>OG 8.1</b> 1.Enumerate, describe and discuss the objectives of antenatal care, assessment of period of gestation; screening for high-risk factors. <b>OG 4.1</b> 2. Describe and discuss the basic embryology of fetus, factors influencing fetal growth and development, anatomy and physiology of placenta, and teratogenesis</p>	<p><b>CM6.2-</b>Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data</p>	<p><b>EN 4.1</b> Otagia</p>	<p><b>OP6.7</b> Enumerate and discuss the aetiology, the clinical distinguishing features of various glaucoma associated with shallow and deep anterior chamber. Choose appropriate investigations and treatment for</p>

						patients with above conditions.
<b>23/04/2021 Friday</b>	<b>Clinical Posting (Medicine) IM2.7</b> (Perform, demonstrate and document a physical examination including a vascular and cardiac examination that is appropriate for the clinical presentation)	<b>SU14.4</b> Demonstrate the techniques of asepsis and suturing in a simulated environment	<b>OG-12.2</b> Define, classify and describe the etiology, pathophysiology, diagnosis, investigations, adverse effects on the mother and foetus and the management during pregnancy and labor, and complications of anemia in pregnancy.	<b>CM6.3-</b> Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs	<b>EN 4.2</b> External ear	<b>OP7.3</b> Demonstrate correct technique of ocular examination in a patient with a cataract

**Clinical Posting Schedule  
3<sup>rd</sup> & 4<sup>th</sup> Semester 2019 Batch**

**04 Weeks**

<b>Day/Date</b>	<b>Medicine</b>	<b>Surgery</b>	<b>Obst &amp; Gynae</b>	<b>Community Medicine</b>	<b>ENT</b>	<b>Ophthalmology</b>
