

DEPARTMENT OF ENT AND HNS AT MMC

INTRODUCTION:

Otorhinolaryngology- Head and Neck Surgery is a surgical subspecialty that deals with diseases covering ear, nose, throat and neck. Our department, an integral part of the institute is equipped with modern equipments and provides comprehensive medical services to patients with diseases affecting ENT- Head and Neck region. The department, living up to the motto of the institution, is working hard to provide the best treatment possible for Ear, Nose and Throat related ailments. Be it modern diagnostic aids or latest surgical methods, we keep ourselves up to date and this never ending quest for knowledge continues. The interdepartmental collaboration with other departments such as General Medicine, General Surgery, Paediatric, Radiology, Pathology, Oral and Maxillofacial surgery, Speech and Hearing Department has helped us in setting up various specialty clinics.

VISION OF THE DEPARTMENT:

To provide high quality, affordable patient services and envisions establishing a centre of excellence in medical education and research.
