

100% PG RESULTS WITH 14 MEDALISTS AT UNIVERSITY LEVEL EXAMS

- ❖ The postgraduate students of Muzaffarnagar Medical College have etched their names in the annals of history by achieving a remarkable feat - achieving a 100% pass rate and securing an impressive tally of 15 prestigious medals in the rigorous university-level examinations.
- ❖ The postgraduate departments at MMCH have consistently served as an exceptional launching pad for our students, offering them access to unrivaled expertise from our esteemed faculty members.
- ❖ The most recent cohort to join our postgraduate student community is the Batch of 2020, and they have proven their mettle by not only passing with flying colors but also by achieving exemplary scores in their university-level examinations.
- ❖ **The recipients of the prestigious awards are as follows:**
- ❖ Gold medal achievers include Dr. Aditi Randev in the field of Medicine, Dr. Megha Gupta in Ophthalmology, Dr. Diksha Agarwal in General Surgery, Dr. Aditya Nag, and Dr. Govinda Singh in Respiratory Medicine, Dr. Nidhi Nain in Community Medicine, and Dr. Yuvraj Singh in Orthopedics.
- ❖ Silver medal recipients are Dr. Krishna Pratap Singh in Orthopedics, Dr. Anu Arvind from the Anaesthesiology Department, Dr. Govinda Singh in Respiratory Medicine, Dr. Megha Jain in E.N.T, and Dr. Divya Sharma in the Radiology Department.
- ❖ The bronze medal awardees include Dr. Sakshi Tiwari in Paediatrics, Dr. Sundesha Jigarkumar Narshibhai in Orthopedics, and Dr. Lakshay Gupta in the E.N.T. department.
- ❖ Muzaffarnagar Medical College takes immense pride in announcing a remarkable achievement - a flawless 100% pass rate for our postgraduate students, specifically the Batch of 2020, spanning across all postgraduate departments. These dedicated students have not only passed their final year examinations with exceptional proficiency but have also showcased outstanding results.
- ❖ In addition to their academic excellence, our postgraduate students have been afforded a unique opportunity through District Rural Postings (DRPs). These placements allow them to immerse themselves in the rural areas proximate to MMC, thereby gaining invaluable hands-on experience while addressing the healthcare needs of rural communities. This endeavor extends beyond mere medical treatment, as they actively channel patients in need toward the tertiary care services offered at MMC.
- ❖ Furthermore, this experience equips them with the skills to manage a balanced work-life routine, as they juggle self-study commitments alongside their hospital-based education and DRP responsibilities.
- ❖ At Muzaffarnagar Medical College, we wholeheartedly embrace the principle of "Health for all" and remain unwavering in our dedication to continuous improvement, consistently striving for excellence as a united and cohesive team.
