

MONTHLY UG TEACHING SCHEDULE

MONTH: DECEMBER 2023

DEPARTMENT: GENERAL MEDICINE

| S.NO | NAME OF FACULTY | DESIGNATION | BATCH | DATE | DAY | TIMING | PRACTICAL TOPIC | DEMONSTRATION TOPIC | LECTURE TOPIC |
|------|--------------------|---------------------|-------|------------|-----------|------------------------|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Dr. Swatantra | Assistant Professor | 2019 | 02.12.2023 | Saturday | 12:00 Noon to 01:00 PM | - | - | <p align="center">IIM 1.25</p> <p align="center">Enumerate the indications for valvuloplasty, valvotomy, coronary revascularization and cardiac transplantation</p> <p align="center">IM 1.26</p> <p align="center">Develop document and present a management plan for patients with heart failure based on type of failure, underlying aetiology</p> <p align="center">IM 1.27</p> <p align="center">Describe and discuss the role of penicillin prophylaxis in the prevention of rheumatic heart disease</p> <p align="center">Vertical Integration with Pharmacology & Microbiology</p> |
| 2 | Dr. Arun Kumar | Assistant Professor | 2019 | 02.12.2023 | Saturday | 03:00 PM to 04:00 PM | - | <p align="center">Medicine (ATCOM)</p> <p align="center">IM 4.25</p> <p align="center">Communicate to the patient and family the diagnosis and treatment</p> <p align="center">IM 4.26</p> <p align="center">Counsel the patient on malarial prevention</p> | - |
| 3 | Dr. S. K. Bakshi | Professor | 2019 | 04.12.2023 | Monday | 02:00 PM to 03:00 PM | - | <p align="center">IM 24.21</p> <p align="center">Enumerate and describe ethical issues in the care of the elderly</p> <p align="center">IM 24.22</p> <p align="center">Describe and discuss the aetiopathogenesis, clinical presentation, complications, assessment and management of nutritional disorders in the elderly</p> <p align="center">Vertical Integration with Physiology & Biochemistry</p> | - |
| 4 | Dr. Amit Bhadauria | Senior Resident | 2019 | 05.12.2023 | Tuesday | 03:00 PM to 04:00 PM | - | <p align="center">IM 14.13</p> <p align="center">Describe and enumerate the indications, pharmacology and side effects of pharmacotherapy for obesity</p> <p align="center">Vertical Integration with Pharmacology</p> <p align="center">IM 14.14</p> <p align="center">Describe and enumerate the indications and side effects of bariatric surgery</p> <p align="center">Horizontal Integration with General Surgery</p> <p align="center">IM 14.15</p> <p align="center">Describe and enumerate and educate patients, health care workers and the public on measures to prevent obesity and promote a healthy lifestyle</p> | - |
| 5 | Dr. Vikki | Professor | 2019 | 06.12.2023 | Wednesday | 12:00 Noon to 01:00 PM | - | - | <p align="center">IM 6.23</p> <p align="center">Demonstrate a non-judgemental attitude to patients with HIV and to their lifestyles</p> |

| S.NO | NAME OF FACULTY | DESIGNATION | BATCH | DATE | DAY | TIMING | PRACTICAL TOPIC | DEMONSTRATION TOPIC | LECTURE TOPIC |
|------|--------------------|---------------------|-------|------------|----------|------------------------|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 6 | Dr. Mayank Nausran | Assistant Professor | 2019 | 07.12.2023 | Thursday | 08:00 AM to 09:00 AM | - | - | IM 16.17 Describe and enumerate the indications for surgery in inflammatory bowel disease Horizontal Integration with General Surgery |
| 7 | Dr. Swatantra | Assistant Professor | 2019 | 09.12.2023 | Saturday | 12:00 Noon to 01:00 PM | - | - | IM 1.28 Enumerate the causes of adult presentations of congenital heart disease and describe the distinguishing features between cyanotic and acyanotic heart disease IM 1.29 Elicit document and present an appropriate history, demonstrate correctly general examination, relevant clinical findings and formulate document and present a management plan for an adult patient presenting with a common form of congenital heart disease IM 1.30 Administer an intramuscular injection with an appropriate explanation to the patient Vertical Integration with Pharmacology |
| 8 | Dr. Arun Kumar | Assistant Professor | 2019 | 09.12.2023 | Saturday | 03:00 PM to 04:00 PM | - | Medicine (ATCOM) IM 6.19 Counsel patients on prevention of HIV transmission IM 6.20 Communicate diagnosis, treatment plan and subsequent follow up plan to patients | - |
| 9 | Dr. Akshay Sharma | Assistant Professor | 2020 | 07.12.2023 | Thursday | 02:00 PM to 04:00 PM | - | IM 7.3 Classify cause of joint pain based on the pathophysiology IM 7.4 Develop a systematic clinical approach to joint pain based on the pathophysiology Horizontal Integration with Orthopaedics | - |
| 10 | Dr. Naina Pal | Assistant Professor | 2020 | 12.12.2023 | Tuesday | 12:00 Noon to 01:00 PM | - | - | IM 4.6 Discuss and describe the pathophysiology and manifestations of malaria Vertical Integration with Microbiology |
| 11 | Dr. Naina Pal | Assistant Professor | 2020 | 19.12.2023 | Tuesday | 12:00 Noon to 01:00 PM | - | - | Medicine IM 4.7 Discuss and describe the pathophysiology and manifestations of the sepsis syndrome IM 4.8 Discuss and describe the pathophysiology, aetiology and clinical manifestations of fever of unknown origin (FUO) including in a normal host, neutropenic host, nosocomial host and a host with HIV disease Vertical Integration with Microbiology |

| S.NO | NAME OF FACULTY | DESIGNATION | BATCH | DATE | DAY | TIMING | PRACTICAL TOPIC | DEMONSTRATION TOPIC | LECTURE TOPIC |
|------|--------------------|---------------------|-------|------------|----------|------------------------|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 12 | Dr. Naina Pal | Assistant Professor | 2020 | 28.12.2023 | Thursday | 02:00 PM to 04:00 PM | - | <p>IM 7.5 Describe and discriminate acute, subacute and chronic causes of joint pain Horizontal Integration with Orthopaedics</p> <p>IM 7.6 Discriminate, describe and discuss arthralgia from arthritis and mechanical from inflammatory causes of joint pain Horizontal Integration with Orthopaedics</p> | - |
| 13 | Dr. Wilson Joseph | Professor | 2021 | 07.12.2023 | Thursday | 08:00 AM to 09:00 AM | - | - | <p>IM 26.27 Demonstrate personal grooming that is adequate and appropriate for health care responsibilities</p> <p>IM 26.28 Demonstrate adequate knowledge and use of information technology that permits appropriate patient care and continued learning</p> |
| 14 | Dr. Wilson Joseph | Professor | 2021 | 11.12.2023 | Thursday | 08:00 AM to 09:00 AM | - | - | <p>IM 26.29 Communicate diagnostic and therapeutic options to patient and family in a simulated environment</p> <p>IM 26.30 Communicate care options to patient and family with a terminal illness in a simulated environment</p> |
| 15 | Dr. Amit Bhadauria | Senior Resident | 2021 | 16.12.2023 | Saturday | 12:00 Noon to 01:00 PM | - | - | <p>Vertical Integration Pathology – PA – 13 General Medicine IM 9.1 Define, describe and classify anemia based on red blood cell size and reticulocyte count Vertical Integration with Pathology</p> <p>IM 9.2 Describe and discuss the morphological characteristics, aetiology and prevalence of each of the causes of anemia Vertical Integration with Pathology</p> <p>IM 9.12 Describe, develop a diagnostic plan to determine the aetiology of anemia Vertical Integration with Pathology</p> |
